

Product Information

TECHNICAL DATA SHEET / Specification Sheet

Leishman's stain

Synonym : Eosin-methylene blue
CAS No. : 12627-53-1
Shelf Life : 5 years

Technical Specification

Appearance : Dark green to black powder
Solubility : 20 ppm solution in methanol yields blue solution with green fluorescence
Absorption maxima 1 : 515 - 530nm (20 ppm in methanol)
Absorption maxima 2 : 640 - 650nm (20 ppm in methanol)
Loss on drying (at 105°C, 1hr) : <= 8.0%
