TECHNICAL DATA SHEET / Specification Sheet

Wright's stain

CAS No. : 68988-92-1
Shelf Life : 5 years

Technical Specification

Appearance : Dark brown-green to dark green solid or powder
Solubility : 10 ppm solution in methanol yields clear solution
Microscopic Examination : Blood staining is carried out using Wright Stain Solution in alcohol. Results
: Lymphocytes : sky blue cytoplasm and purple nuclei Erythrocytes
: yellowish red Platelets : violet to purple granules. Polymorphonuclear neutrophilic leukocytes : pale pink cytoplasm
with dark violet nucleus and reddish lilac granules Eosinophilic
leukoc

Absorption maximum (10 ppm in methanol) : 1 ~648 nm
2 ~523 nm
